

# Document 08: UI/UX, Navigation & Figma Design Specification

**Project:** Natural Intellects School Management System (NISMS)

**Version:** 1.0

**Status:** Draft

**Purpose:**

This document defines the user experience principles, navigation systems, layout structures, design standards, component requirements, mobile responsiveness strategies, and Figma organization standards for the Natural Intellects School Management System.

This document serves as the primary reference for:

- Figma wireframes
- UI design
- UX design
- Frontend development
- Cloud AI implementation
- Design system creation

---

## TABLE OF CONTENTS

1. Design Philosophy
2. Target Users & UX Considerations
3. Information Architecture
4. Global Navigation Structure
5. Dashboard Design Standards
6. Student Management Screens
7. Teacher Management Screens
8. Academic Module Screens
9. Finance Module Screens
10. Website CMS Screens

- 11. Mobile Design Requirements
  - 12. Component Library Standards
  - 13. Color System
  - 14. Typography Standards
  - 15. Iconography Standards
  - 16. Figma File Organization
  - 17. Design Principles
- 

# 1. DESIGN PHILOSOPHY

The system shall prioritize:

---

## Simplicity First

The interface must be understandable by:

- Secretaries
- Teachers
- Bursars
- Head Teachers
- Proprietors

without extensive training.

---

## Mobile First

The majority of users may access the system through:

- Android phones
- Tablets
- Low-end devices

Every interface shall remain fully functional on mobile devices.

---

## Minimal Cognitive Load

The system shall avoid:

- Complex menus
  - Deep navigation hierarchies
  - Technical terminology
  - Information overload
- 

## Familiar Workflows

Interfaces should resemble workflows users already understand:

Examples:

- Student registers
  - Fee books
  - Report cards
  - Physical notice boards
- 

# 2. TARGET USERS & UX CONSIDERATIONS

---

## School Proprietor

Needs:

- Simple dashboards
- Financial summaries
- Enrollment statistics

Preferred Experience:

- Minimal interactions
  - Visual summaries
  - Quick reports
- 

## Head Teacher

Needs:

- Academic oversight
- Teacher management
- Attendance monitoring

Preferred Experience:

- Administrative dashboards
  - Clear navigation
- 

## Secretary

Needs:

- Student registration
- Record management
- Parent interactions

Preferred Experience:

- Fast forms
  - Quick search
  - Bulk actions
- 

## Bursar

Needs:

- Payment recording
- Receipt generation
- Financial reports

Preferred Experience:

- Transaction-focused screens
  - Large action buttons
  - Clear balances
- 

## Teachers

Needs:

- Attendance submission
- Marks entry
- Class management

Preferred Experience:

- Extremely simple interfaces
  - Minimal clicks
-

### 3. INFORMATION ARCHITECTURE

---

#### Public Website

- Home

## 4. GLOBAL NAVIGATION STRUCTURE

### Desktop Navigation

#### Left Sidebar

Recommended:

Dashboard

Students

Teachers

Classes

Subjects

Attendance

Academics

Fees

Announcements

Website

Settings

---

## Top Navigation Bar

Components:

---

### School Logo

Position:

Top Left

---

### Search Bar

Capabilities:

Search:

- Students
  - Teachers
  - Classes
- 

### Notifications

Examples:

- New announcements
  - Payment alerts
-

## User Profile

Options:

- Profile
- Settings
- Logout

---

## Mobile Navigation

---

### Bottom Navigation

Recommended:

Home

Students

Attendance

Fees

More

---

### Mobile Drawer

Contains:

Additional modules.

---

## 5. DASHBOARD DESIGN STANDARDS

---

### Administrator Dashboard

---

#### Statistics Cards

Examples:

Total Students

Total Teachers

Today's Attendance

Outstanding Fees

---

## Recent Activities

Examples:

New Students

Recent Payments

Announcements

---

## Quick Actions

Buttons:

## 10. WEBSITE CMS SCREENS

### News Management

Features:

Create Article  
Edit Article  
Delete Article  
Publish Article

---

## Gallery Management

---

Features:

Upload Images  
Add Captions  
Delete Images

---

## Admissions Editor

---

Capabilities:

Edit Content  
Upload PDFs  
Save Changes

---

# 11. MOBILE DESIGN REQUIREMENTS

---

### Minimum Screen Width

Support:

320px

---

## Touch Targets

Buttons:

Minimum:

44px × 44px

---

## Forms

Requirements:

- Large inputs
  - Clear labels
  - Minimal scrolling
- 

## Tables

On Mobile:

Use:

Cards

Expandable Rows

Instead of large tables.

---

# 12. COMPONENT LIBRARY STANDARDS

---

## Buttons

Types:

Primary

Secondary

Danger

Success

---

## Cards

Used For:

Statistics

Profiles

Reports

---

## Tables

Features:

Search

Sorting

Pagination

---

## Forms

Components:

Text Inputs

Dropdowns

Date Pickers

Image Uploads

## Modals

Used For:

Confirmations

Warnings

Quick Actions

## 13. COLOR SYSTEM

### Primary Color

Natural Intellects Blue

### Secondary Color

Neutral Gray

### Success

Green

### Warning

Orange

### Error

Red

## Accessibility

All color combinations must satisfy:

WCAG AA standards.

---

## 14. TYPOGRAPHY STANDARDS

---

Recommended:

---

### Font Family

Inter

---

### Headings

Bold

---

### Body Text

Regular

---

### Mobile Text

Minimum:

14px

---

## 15. ICONOGRAPHY STANDARDS

---

Recommended:

Lucide Icons

---

Examples:

Users

BookOpen

DollarSign

Bell

School

---

Icons shall support:

- Fast recognition
  - Simple interfaces
  - Mobile usability
- 

## 16. FIGMA FILE ORGANIZATION

---

Recommended Structure:

01 Cover

02 Design System

03 Public Website

04 Admin Dashboard

05 Student Management

06 Teacher Management

07 Academic Modules

08 Finance Modules

09 CMS Modules

10 Mobile Screens

---

## Component Pages

Recommended:

Buttons

Forms

Cards

Tables

Modals

Icons

---

## Prototyping Pages

Recommended:

Student Registration Flow

Attendance Flow

Payment Flow

Report Generation Flow

---

## 17. DESIGN PRINCIPLES

The NISMS design system shall prioritize:

---

### Simplicity

---

## **Accessibility**

---

## **Mobile Usability**

---

## **Fast Navigation**

---

## **Low Training Requirements**

---

## **Familiar User Experiences**

---

# **STRATEGIC CONCLUSIONS**

The UI/UX design shall reflect:

- Ugandan educational realities
- Low digital literacy environments
- Mobile-first requirements
- Administrative efficiency
- Easy onboarding

The Figma implementation shall strictly follow the structures and principles defined in this document.

This document shall serve as the authoritative design specification for all future interface development activities.

End of Document 08.
